PRESS RELEASE BAU 19 JANUARY 2011

Archi-World® Academy: "Energy saving projects and ideas for the future of architecture and urbanism": the largest worldwide contest for the architects of tomorrow in cooperation with Messe München (BAU 2011 & BAU 2013)!

ArchiWorld (www.archiworld.eu), worldwide network for architects counting today over 200.000 architect members and **BAU 2011 (Messe München)** are launching **today** the first Archi-World® Academy Award 2011/2013 that will involve:

- **1.200 schools of architecture around the world for students in architecture**
- **300.000 students in architecture**
- **150.000 new graduated architects**
- **12 renowned Star Architects**
- **200.000 professional architects**

The contest:

The **Archi-World® Academy Award** is a two years (2011/2013) lasting contest giving young architects and architects of tomorrow coming from the entire world the chance to present their best projects or concepts in the **field of energy savings.** No other architecture contest on such wide scale as ever been organized before.

The Jury:

President of the Contest is **Prof. Juhani Pallasmaa** from Helsinki (Finland).
